## Personal Mission Statement Generator

A personal mission statement gives you a concrete foundation you can look to when creating goals and putting your life in order. Refer to your completed mission statement whenever you're trying to figure out if you or your goals are heading in the right direction.

1. Write ten words that resonate with you (word like love, joy, success, etc)	2. What are your skills? Write down ten things that you feel you're good at (or that others say you're good at)	3. What are your roles? Are you a mother, father, sister, friend. Write down ten of these roles

Now circle two things you wrote in list #1 & #2, and three things in list #3. Use these circled choices to fill out the mission statement below:

I would like to live in a world of \_\_\_\_\_(1) and \_\_\_\_\_(1),  
using my God given talents of \_\_\_\_\_(2) and \_\_\_\_\_(2) while  
being a caring \_\_\_\_\_(3), \_\_\_\_\_(3) and \_\_\_\_\_(3)
